BOARD POLICY

No. 6146(c)

The Board of Education, in recognition of its responsibility for the education of all youths in the school system, including those who do not successfully complete the assessment criteria listed above, and those who drop out of school, shall make available to all the school district's youths a course of study or alternative programs for meeting standards that will enable them to acquire a high school diploma.

In addition, also beginning with the graduating class of 2023, the Board of Education will provide adequate student support and remedial services for students beginning in grade seven 2017-2018 school year). Such student support and remedial services shall provide alternate means for a student to complete any of the high school graduation requirements, if such student is unable to satisfactorily complete any of the required courses or exams. Such student support and remedial services shall include, but not be limited to, (1) allowing students to retake courses in summer school or through an on-line course; (2) allowing students to enroll in a class offered at a constituent unit of the state system of higher education, allowing students who received a failing score, as determined by the Commissioner of Education, on an end of the school year exam to take an alternate form of the exam; and (4) allowing those students whose individualized education plans state that such students are eligible for an alternate assessment to demonstrate competency on any of the five core courses through success on such alternate assessment.

Credits

A credit is defined as the equivalent or one forty minute class period for each day of a school year. One-half credit is awarded for courses that compile work in one semester. If physical education is not taken because of a medical excuse, another subject may be substituted.

Only courses taken in grades nine through twelve, inclusive, shall satisfy this graduation requirement, except that a student may be granted credit for the successful completion of coursework at an institution accredited by the Department of Higher Education or regionally accredited. One three-credit semester course, or its equivalent, shall equal one-half high school credit. A student may also be granted credit toward meeting a specified course requirement in grades six, seven or eight of any course, the primary focus of which corresponds directly to the subject matter of a specified course requirement in grades nine to twelve, inclusive.

A credit shall consist of not less than the equivalent of a forty-minute class period for each school day of a school year except for a credit or part of a credit toward high school graduation earned (1) at an institution accredited by the Board of Regents for Higher Education or State Board of Education or regionally accredited, (2) through on-line course work, or (3) through a demonstration of mastery based on competency and performance standards, in accordance with guidelines adopted by the State Board of Education.

The Board of Education shall grant a student credit towards meeting high school graduation requirements for (1) completing a world-language course provided by a non-profit organization and (2) passing a subject area proficiency test identified and approved by the Commissioner of Education. Up to four credits for a private non-profit world language course shall be granted if the student achieves a passing grade on a test prescribed by the Commissioner of Education. In other

subject areas, credit shall be granted, based upon successful passage of the subject area proficiency tests prescribed or identified and approved by the Commissioner of Education,* regardless of the number of hours spent by the student in a public school classroom learning the subject matter.

**The Commissioner, per statute, must prescribe or identify and approve the examinations within available appropriations.*

The fulfillment of the mandated One credit foreign language requirement, beginning with the class of 2023, can include the successful completion of a world language online course, or the successful completion of a course offered privately through a nonprofit provider, which must be approved by high school administration.

All credits earned toward meeting any of the graduation requirements through the successful completion of online courses must be approved by high school administration.

The Board shall create a student success plan for each enrolled student, beginning in grade six. Such plan shall include a students' career and academic choices in grades six to twelve, inclusive.

The above exceptions to earning credits, at other than grades 9 through 12, is discretionary, not mandated. A board of education may allow, as above, an unlimited number of credits to be earned prior to high school or at a higher institution of learning.

Awards of High School Diplomas

Students who complete all graduation requirements shall receive a diploma at the June commencement. Individuals residing in the town of Bloomfield for more than five (5) consecutive years may satisfy graduation requirements by the satisfactory completion of the following:

1. Successful completion of a summer course or summer courses comparable (as determined by the Principal) to the subject(s) in which the student was deficient.
2. Honorable discharge from the United States Armed Forces after a minimum of ninety days of active service during World War II for individuals who withdrew from school to join the Armed Forces and for veterans of the Korean Hostilities and for veterans of the Vietnam Era.
3. Honorable discharge from the United States Armed Forces for individuals who left high school prior to graduation and did not receive a diploma as a consequence of such service.
4. Withdrawal from high school prior to graduation to work on a job that assisted the war effort during World War II, December 7, 1941 through December 31, 1946, not receiving a diploma as a consequence of such work and has been a resident of Connecticut for at least fifty (5) consecutive years.
5. Academic Advancement Program

BOARD POLICY

No. 6146(e)

The Board of Education permits students in grades eleven and twelve to substitute (1) achievement of a passing score on an existing national examination, as determined by the State Department of Education, or series of examinations approved by the State Board of Education, (2) a cumulative grade point average determined by the State Board of Education and (3) at least three letters of recommendation from school professionals (defined in 10-66dd), for the required high school graduation requirement. The State Board of Education will issue an Academic Advancement Program Certificate to any student successfully completing such program. The Academic Advancement Program Certificate shall be considered in the same manner as a high school diploma for purposes of determining eligibility of a student for enrollment at a Connecticut public institution of higher education.

The Board of Education shall permit a student to graduate from high school upon the successful completion of the above described academic advancement program.
